PRICE, ONE CENT.

DEMOCRATS ELECT TAGGART CHAIRMAN.

Indiana Man Will Direct Campaign of Parker and Davis in Their Hopeless Fight Against Roosevelt.

GORMAN FIRM IN HIS REFUSAL.

Resolution Adopted Authorizing Appointment of Executive Committee and Its Entanglement if Necessary—Belmont and Sheehan Spoken Of.

New York, July 27.—Thomas Taggart, of Indiana, was elected chairman of the Democratic national committee at its meeting here.

Endorsed by nearly every member of the committee the day after the convention adjourned at St. Louis, it has been known ever since that only the decree of Judge Parker in favor of some other man, or the consent of Senator Gorman to accept the post, could prevent the selection of Mr. Taggart.

The most important action of the committee aside from the selection of a chairman was that of arranging for a committee or committees to manage the campaign. A proposition submitted by William F. Sheehan slightly modified upon the suggestion of Senator Bailey was adopted.

As agreed to it is as follows: "That the chair be authorized to appoint not to exceed two vice chairmen, as his judgment may determine, that the chair be authorized to appoint an executive committee of not less than five nor more than seven members; that if at any time the exigencies of the campaign should, in the judgment of the executive committee and the chairman of the national committee, require it, it may become advisable to increase the number, that they may select additional members, not more than one from any one state, as members of said executive committee; that in conformity with a resolution adopted by the last Democratic national convention, the members of the said executive committee shall be elected by the members of the national committee."

Under this resolution Charles Taggart will select campaign managers. It is taken for granted that he will be the chairman of the executive committee, as that custom is followed.

David B. Hill was satisfied and content. He declared that he would not be a member of any committee during the campaign. "I am a committee of my own," he asserted, and said that Mr. Sheehan and Mr. Belmont would be considered in connection with the committee to conduct the campaign.

Mr. Hill will leave for New York on Monday, July 27. He is expected to be the presidential candidate who received several telegrams, forming him of the proceedings, in the meeting of the national Democratic committee. Judge Parker would comment on the election of Thomas Taggart of Indiana as chairman. It was asked if the action of the committee was satisfactory to him and he smiled his answer.

Swallow Opens Battle.

Vacancy on State Prohibition Ticket Filled by Tyrone Man.

Harrisburg, July 27.—The vacancy on the state prohibition ticket, created by the withdrawal of Lee M. Grumbine of Lebanon, was filled by the state executive committee at a meeting here by the election of A. A. Stevens of Tyrone.

Dr. Swallow, the prohibition candidate for president, opened his campaign at a meeting last night at the court house, at which he made a brief speech. There were also speeches by Mr. Grumbine and J. C. Rummel of Shippensburg.

Davis Romance Ended.

Mrs. Reynolds Denies Engagement to Democratic Candidate.

Shepherdstown, W. Va., July 27.—Mrs. Katherine Reynolds has made an emphatic denial of the report of her engagement to former Senator Henry C. Davis.

Bedford, Pa., July 27.—Senator Davis denies the report in the papers that he is to marry the widow of Dr. John Reynolds of Shepherdstown, W. Va. The senator has been receiving telegrams of congratulations all day and is very indignant about it.

Divided on Steel Preferred.

New York, July 27.—The directors of the United States Steel corporation have declared the regular quarterly dividend of 1 1/2 per cent on the preferred stock and elected Thomas Morrison a director in place of Charles M. Schwab, resigned. No other business was transacted.

New Capital Hearing Commenced.

Harrisburg, July 27.—A meeting of the state capital commission was held here. Former Governor Stone, president of the commission, said a building would be ready for use in the next legislature. He also said that it would be built within the appropriation.

NEW JERSEY IS SAFE.

So Says Senator Kean, Who Visits at Sagamore Hill.

Oyster Bay, L. I., July 27.—Senator George B. Kean, of New Jersey, arrived here from New York. He will be a guest of the president until the departure of the western campaign headquarters.

United States Senator George B. Kean, of New Jersey, arrived here from New York. He will be a guest of the president until the departure of the western campaign headquarters.

"So the Democrats think they have a chance to carry New Jersey," he inquired. "Well, they have just about as much of a chance as we have of carrying Texas. New Jersey is as certainly Republican as Indiana."

The situation of the country is taking on a new aspect. The people are becoming more and more in a strong, safe hands, and Mr. Roosevelt has proved himself a constructive statesman of individuality and power. The voters of the country will not approve of a change in these conditions.

Chicago, July 27.—Everything is being made ready at the Auditorium hotel for the reception of the Republican national campaign committee, which opens its headquarters Aug. 1. The campaign committee will occupy the entire parlor floor of the Auditorium. Secretary Davis of the national committee is expected to arrive in Chicago on Tuesday and Chairman Cleveland on Saturday.

CONNELLVILLE GETS A NEW INDUSTRY.

Munson Heater Company Began Preliminary Work Today for Erection of Plant on the North Side.

LUMBER WAS WORTHLESS.

Connellsville Company So Alleged in Their Affidavit of Defense.

D. P. Lepley, general manager of the Connellsville Manufacturing & Mining Supply Company, has filed at Uniontown an affidavit of defense to the suit which was brought against them some time ago by the American Lumber & Manufacturing Company of Pittsburg, to collect \$645.54. The plaintiff firm says that this amount is due them for a certain lot of lumber which they shipped the defendants at their request, but which they refused to accept. A number of letters leading up to the order are attached to and made a part of the defense. The car was shipped in pursuance of this contract. The portion of the defense is that the lumber was to be of a standard high grade, similar in quality to an order that they had sent to the same firm in December, 1902. Instead of being this kind, it is claimed that it was full of knots and practically worthless for the purpose for which it was ordered. When this was discovered the car was at once sent back. Instead of owing the amount claimed, the Connellsville firm alleges that the plaintiffs are indebted to them in the sum of \$95.67, which they will now seek to recover. The correspondence leading up to the shipment of the lumber in dispute was conducted for the most part by W. H. Soisson, one of the leading men in the Mining Supply Company.

THE CAPITAL IS ALL LOCAL.

And New Company Will Manufacture a Patent Hot Air Heater Invented by George A. Munson—Success As a Seller Is Assured.

Preliminary work was started today for the erection of a plant that will give Connellsville another industry. It will be the works of the Munson Heater Company, a purely local concern, capitalized at \$10,000, which will manufacture a patent hot air heater, the invention of Capt. George A. Munson of Connellsville. The plant will be located on the North Side, between the Silgo mills and the works of the Joseph Soisson Fire Brick Company. The new company have purchased one acre of ground there from the Soisson company. The material used in the manufacture of the plant's output will be right at hand. In the manufacture of the heater a special grade of fire brick are used and the steel and other material necessary will be obtained from the Silgo mills. The initial cost of production, therefore, will be lessened much by the close proximity of the works to the base of its supplies. The first plant built will be in a building 120x32. Within a year this building will be much enlarged. The difficulty in getting machinery promptly makes it impossible at this time to erect a larger works. From 15 to 20 men will be employed at the start. Within a year more than 100 hands will be given work. Besides the patent and inventor there are in the company J. C. Munson and W. J. Woodall. The latter is foreman for Munson Bros., and is an expert in hot air heating. Speaking of hot air heating and the field there is for a good heater Captain Munson said this morning to a reporter for The Courier: "Hot air heating is in its infancy. What complaint is made against it has been due to poor workmanship. Defects in the construction of furnaces has been the cause of objection to it in residences, public buildings and institutions. What we have overcome these defects heretofore existing, we are certain. Heater experts from the most prominent concerns in the country have looked over our heater and they are unanimous in their opinion that we will find a ready sale for all our output. Within a year we expect to cover 10 States. Even before our plant has been started we have many letters. Our product will not be a competitive heater. It will not be a cheap heater. We compare it with the standard make now on the market. One of its chief, and a most important feature to the purchaser, will be the saving in fuel. Our heater will burn just one-third less fuel, gas, coal or coke than any other on the market."

UNIONTOWN ELKS WIN.

Defeated Columbias at New Park on Tuesday.

The Uniontown Elks team defeated the Columbia Athletics at Columbia park on New Haven on Tuesday afternoon by a score of 7 to 2. The Columbia boys could not effectively solve Patterson's pitching, which was responsible for their defeat. It was also backed up by good fielding on the part of the Uniontown boys. Harry Wilhelm was at third and Herbert Bowman, the Yale star, at short for Uniontown. Neither did a great deal in the hitting line, but they are heading the County Capital boys up wonderfully. Uniontown scored in the first inning on errors. They picked up three more in the third on a dropped fly in left field and a passed ball. Uniontown's other three runs were scored toward the close of the game on errors.

Ross Miller pitched a good game for the Columbias, but his support was lacking in spots during the game. Geo. Marzetta played a nice game in right field for Uniontown.

SCOTSDALE.

Breezy Paragraphs Picked Up in the Mill Town.

Scottdale, July 27.—Mrs. Louis Troup of Emerson fell down stairs on Monday night and broke one of her arms and fractured her skull. She is in a critical condition and the doctor has poor hopes for her recovery.

Miss Edna Stoner was a visitor to Connellville on Monday night.

Robert Weible of Pittsburg is spending several days here this week visiting his parents on Pittsburg street.

Scottdale is being well represented in Connellville this week on account of the street carnival being held there for the benefit of the Connellville Military Band.

The Scottdale Hive, Ladies of the Maccabees, held a very delightful social at the home of John G. Tedrow on Wednesday evening last. The usual games and amusements were indulged in during the evening and all present spent a most delightful evening. Mrs. Anna M. Zimmerman and Misses Alice and Mary Kellen of the Mt. Pleasant Hive were the out-of-town guests.

Rev. O. W. Burtner, pastor of the Memorial U. B. Church of Washington, D. C., spent several days here last week in the interest of the church. The U. B. Church in Washington is situated in the growing part of the city and they are now erecting a handsome stone edifice which will cost \$30,000 or \$40,000. Rev. Burtner is well known here having preached in the church here for several months during the illness of a former pastor several years ago.

A large number of Scottdale people seemed to have important business in Mt. Pleasant yesterday. Possibly the show was their chief drawing card.

Robert Kidder had his left foot badly cut while at his work at the H. C. Frick car shops at Emerson on Monday morning by a heavy pair of tongs falling on it. He will be off duty for several days with his injured member.

During the past week the interior of the Scottdale postoffice has put on a much brighter appearance. The ceiling and wood work have all been repainted and a number of other repairs are being made.

The Scottdale business men will celebrate their second annual outing at Idlewild tomorrow. Two special trains will be run from here, leaving at 8 and 8.15 A. M., and will arrive here about 8.30 in the evening. All the stores and offices in town will be closed and everybody will have an opportunity of visiting last pleasant resort. The fare for the round trip has been made at \$1.00 for adults and 50 cents for children under 12 years old. The Grand Army Band will be in attendance and furnish music for the occasion. Idlewild is a beautiful park and if the day is favorable a large crowd will be present from here.

On Saturday evening last Mr. and Mrs. M. Clancy were very much surprised when Mr. and Mrs. James McGee and Miss Anna Clancy of Mt. Pleasant and about 25 of their Scottdale friends gathered at their home on South Broadway to celebrate their fortieth marriage anniversary. The evening was pleasantly spent by all present and a very bounteous supper was served and Mr. and Mrs. Clancy received a large number of handsome presents.

Live Notes From the Busy Little Town Down the Yough.

Dawson, July 27.—The ball game at the Cochran Driving park Monday afternoon between the P. McK. & Y. railroad employees and the B. & O. employees was a warm contest. McK. & Y. team the first five innings and after that John Durbin was in the box, and the B. & O. were only allowed one run in the next two innings. Features of the game were the pitching of Durbin and the batting of McGill in the eighth. He batted out a home run with two on bases. In the tenth with the score 9 to 8 in favor of the B. & O. end, with two men out and two bases occupied McGill again batted out a two-bagger, scoring the two men on bases and winning the game by a score of 10 to 9. The B. & O. team was headed, having Fred Monette of the Johnstown team, Roscoe Miller of the Conneaut team and Jameson of Connellville. The batteries were Irwin, Durbin and O'Brien for the P. McK. & Y., and Mullin and Hassen for the B. & O. Manager Hickey is very jubilant over the victory, as are all the P. McK. & Y. boys. A large number of people were out to see the game which was a very nice orderly one. S. B. Buttermore of Connellville and J. W. Bowden of Dawson were the umpires.

Miss Washburn of West Newton, was the guest of friends in town on Sunday.

Miss Nell Schraack was a Connellville visitor Tuesday.

CUTS OUT CIGARETTES.

Frank Gilchrist, McKeesport's Tallest Man Done With Them.

"I have arrived at the conclusion that cigarettes are detrimental to health and I have cut them out after being an inveterate smoker of the little weed for the past 15 years. It's all off with me. Cigarettes are injurious; people told me so, but I didn't believe 'em. It's like any other over-indulgence. I'm done with them."

Frank Gilchrist, McKeesport's tallest man, well known here, a nephew of W. D. Gilchrist, a prominent hotel keeper of Confidence, and who measures 6 feet 7 inches, so expressed himself. He is McKeesport's unique character owing to the fact that he owes a make-up of Uncle Sam which has won him the plaudits of multitudes on numerous occasions.

The Question of the Hour

Is how to keep cool and comfort-
able in warm weather while per-
forming household duties that re-
quire fire. The question has been
solved by the use of gas as a fuel.

The housewife knows how to ap-
preciate it on washing, ironing
and baking days, and when do-
ing her canning and preserving
for winter.

number of people from Uniontown
were present at the funeral.

DRIVERS TO STRIKE

Chicago Haulers of Packing House Products Will Go Out Today.

INDEPENDENT PLANTS RESUME

Unions Agree Not to Interfere With Their Operations and Will Furnish Union Men to Handle Their Cattle—Two Small Riots.

Chicago, July 27.—The sympathizers strike at the stock yards will be complete this morning. The belated sanction to the teamsters joining their brother workmen in the general strike was given last night by the officers of the International Teamsters' union, and the 700 drivers employed in the packing industry in Chicago will quit work today.

Lines of vigilant policemen guard the entrances to the stock yards all day and night but despite this precaution disturbances were numerous and two of them ended with fatal results. While an auction was being made on some colored strike breakers as they were leaving the stock yard, John Stokes, one of the strikers, was shot and fatally wounded by one of the negroes Stokes together with full 100 companions it is said rushed on the negroes and one of the latter drew a revolver and fired into a crowd of striking Stokes. The police were close at hand and succeeded in scattering the rioters after considerable difficulty. During another riot within 100 feet of the same place at less than an hour after the one in which Stokes was injured a negro strike breaker was shot and killed. The rioters escaped before the police arrived on the scene and it is not known who did the shooting.

Realizing that they have one of the hardest propositions to contend with in the history of the packing industry the packers are leaving no stone unturned to gain the upper hand in the struggle with the 30,000 union employees who are on strike. All day long workmen from outside points were rushed to Chicago and taken to the stock yards under police protection to fill the places of the strikers.

It was announced by the packers that 7,000 new men are now installed in the different plants at the stock yards. With these men and with the new arrivals that are expected to packers expect to get their affairs in such shape that the strikers will be compelled to seek a truce in the hostilities and seek a peaceable settlement at the dictation of the employers.

Although the receipts of live stock were small compared with receipts on corresponding days under normal conditions still many cattle hogs and sheep were left in the pens unsold. With all the union workmen out of the yards the exception of the packing house teamsters, the only additions to the ranks of the strikers were about 100 teamsters who quit work as individuals preferring to do this rather than wait for an official order to walk out and the waitresses in the restaurants at the stock yards controlled by the packing companies. The teamsters have become restless in the general belief is that, if an agreement is not made in the packing industry will wait for the sanction of the internal officials of the union to go on strike.

Rumors of renewed efforts to settle the difficulty by arbitration were heard but upon investigation they were found to be without foundation. Michael J. Donnelly, president of the butchers' union, the organization with which precipitated the original strike said:

I have no hope of an immediate settlement. The fight is on and the only thing we can do now is to stick to the end.

Independent Plants Resume

The union organizations recalled their ultimatum issued prohibiting their members employed in the independent plants from killing live stock purchased in the stock yards where the animals are being handled by non-union employees. The labor leaders took this step after the independent packers had pointed out to them that if such an order was carried out it would be a benefit to the packers.

Through a decision reached by the managers of the strike the independent packers were given the privilege of sending their own men into the yards and driving or feeding the independent packers' own cattle hogs or sheep. This will permit the independent packers to operate with little interruption on account of the strike.

Fifteen thousand men and women attended the first general mass meeting held since the beginning of the stock yards strike. The meeting was held in a hall and on the open grounds a few squirrels from the main entrance of the stock yards.

One of the most interesting speakers was William Russell of the executive board of the Chicago Federation of Labor who said:

We want only a fair day's pay for an honest day's work. We do not ask the packers but their methods. The agreement has been made in bad faith and was violated to cause confusion in labor ranks. The packers wanted to convey the impression abroad that you have violated the agreement and are unreliable.

"This is the greatest industrial struggle this country has ever seen. There is the great beef trust on the one hand and on the other an army of honest hard working people—men and women who want only a honest living for their families. The union men of the great packers are at your throat and if they win this struggle they will be at the throats of other workmen in the future."

John J. Fitzpatrick, organizer of the Chicago Federation of Labor, urged the men to stay away from the saloons.

Michael J. Donnelly, president of the butchers' union, said:

We are going to make this strike so effective that there will not be another in years. The sympathy shown in these yards with the cause of the strikers shows that the organized workers of America are beginning to have the blood of men in the rule of action. We must hang together or we will hang separately. We are not asking for half of what we are entitled to and by the eternal we will get all we ask for not only in the near future but for all time from the independent packers and from labor organizations that control the country and from other people who are in any way connected with organized labor of their financial support. There is no man nor family suffer here in the necessities of life. Let the male their wants known in proper channels and they will be relieved. We are in the fight of our lives and we will win if we have to strike until the end of the world.
